## The Vice-President Speaks

Peace,

The year 2004 seems to be a natural and cultural hiking experience for the St. Croix Hiking Association. We have covered the island with hikes. Starting in January, we explored the Gasperi Farm; February: Estate Bethlehem; March: Recovery Hill; April: Estate Clairmont; and May: Maroon Ridge and Estates Punch and Williams.

I was especially impressed with the Estate Bethlehem Historic Walk that occurred in February. This was a truly natural, cultural and historic event. Estate Bethlehem is a particularly important historical area for Virgin Islanders. This hike brought back many memories for me.

As Vice-President of the St. Croix Hiking Association, I am grateful for all of the members' support. All those persons taking an active role in the Association's endeavors insures that we will see continued success in the year 2004. Feel free to contact me (or any officer or committee chair) at any time.

God Bless,

Milton Henry

## CALENDAR OF EVENTS
